products

Grappa di Franciacorta

Obtained from pressed chardonnay grape marcs from the firm lands.
Distilled in small copper boilers using a discontinuous steam method followed by craftsmen.
Very delicate, dry but fragrant; it reminds one of the precious aromas of the grape from which it comes.
Excellent as a digestive drink, especially appreciated if savoured after having dined with our wines and sparkling white wine from Franciacorta.

Sold in bottles of 0.50 l.
